

# MICHELE POMPILIO

S G R

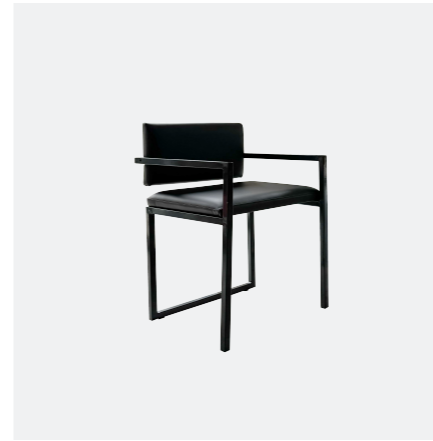

Collection 2025

*The collection weaves together a series of drawings that mark the passage of time. The earliest ones, traced by my father's hand, stand as silent witnesses to the changing seasons, now interwoven with my more recent creations. The result is a harmony of materials, shapes, and colors.*

*Sons become custodians of their fathers' work, ferrymen of ancient values towards new worlds.*

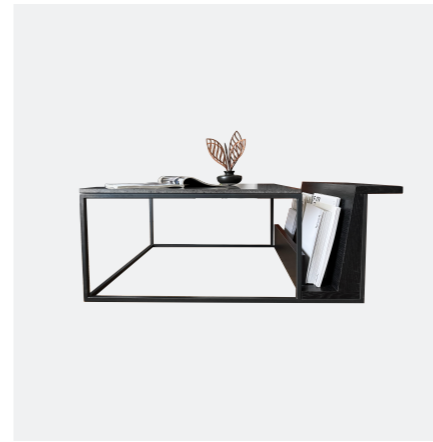

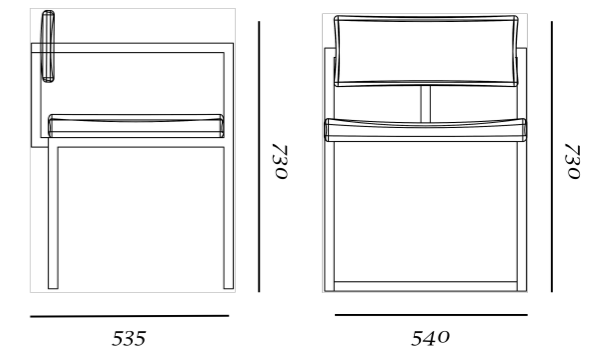

*Each piece is born in San Giovanni Rotondo, Italy, with deep respect for materials, places, and people.*
